# MILITARY CANTONMENT UNDER CONSTRUCTION GUJRANWALA, WEST PAKISTAN

1. A large military cantonment area under construction was newly identified at 32-15-00N 074-07-00E, 6 nautical miles (nm) north-northwest of Gujranwala and 32 nm west of the West Pakistan/India border (Figure 1). The cantonment was being built immediately north of Rahwali Airfield [REDACTED]. Construction on the cantonment had begun since [REDACTED] previous photographic coverage (Figure 2).

2. The installation consisted of 172 barracks or quarters (three under construction); six administration-type buildings (four under construction); 15 explosive storage buildings (nine revetted and six under construction) in groups of three; 90 storage or support buildings (two under construction); two water towers, and a small arms range under construction (Figure 3). Existing street patterns and ground scarring indicate probable additional construction.

3. The installation will probably include Rahwali Airfield with a serviceable concrete runway [REDACTED]. Eight buildings and a water tower have been constructed at this airfield [REDACTED].
